

Assessor's Update

Property visits and the 2024 review area – Update

State law requires property assessors to visit and review each property within the city once every five years to ensure that the assessment record data that is currently on file is accurate. Accuracy of the data is important because it is used to set estimated market values for tax allocation purposes.

Residential properties: the assessor has visited all properties north of 149th Ave in the map area below, and will continue with the areas south of 149th Ave through the end of Sept. Commercial & Industrial properties: the assessor will be visiting properties in the outlined area below in Sept. & Oct.

If your property is in the review area, here's what you can expect:

- The assessor will come to the property and knock or ring the doorbell. If an adult is present, an inside review may be requested depending on the last time a full review was done. The assessor will also walk around the outside of all buildings (if accessible) to verify exterior characteristics.
- If no one is there when the assessor stops by, they will leave an Appraisal Notice with instructions if they have questions.
- Characteristics of the property that affect market value are age, square footage, quality of construction, condition, basement finish, recent remodeling, location, etc.
- The assessor will be wearing an official identification badge and carries business cards.

In addition to the 5-year review area outlined above, the assessors will visit new construction, permit, and remodeling work of all property types in all areas of the city through the end of the year.

THANK YOU, in advance, for your cooperation during this year's assessment review. If you have any questions, call Mary Wells at 763-412-1966 Ext. 1 or email her at mnessassormary@gmail.com
